Product Catalogues

Engine Accessories

- Injection Pump
- Starter
- Alternator
- Cooling System
- Exhaust System

Transmission Accessories

- Clutch Cover
- Clutch Disc
- Transmission Charging Pump Assembly And Accessories
- Solenoid Valve
- Transmission Repair Parts

Forklift Hydraulic

- Hydraulic pump
- Control Valve
- Orbitrol

Forklift Filter

- Oil Filter / Oil Filter Holder
- Fuel Filter / Fuel Filter Holder
- Air Filter / Air Filter Housing

Steering System

- Knuckle Repair Kit
- Knuckle Pin
- Steering Cylinder Link
- Knuckle
- Ball Joint

Brake System

- Brake Master Cylinder
- Brake Brake Cylinder
- Brake Drum
- Brake Assembly
- Brake Shoes

Forklift Body System

- Housings
- Cables
- Steering System

Forklift Frame System

- Forklift Frame Assembly
- Fork Assembly
- Forklift shelving

Forklift Bearing

- Main Rollers
- Plane Bearing/Pressure Bearing
- Separate Bearing/Separate Bearing Housing

Forklift Radiator

- HELI Original Radiator
- HangCha Original Radiator
- Other Radiators

Forklift seat

- Blister Seat
- Seat Accessories

Forklift Tire

- ZhengXin Solid Tire
- TOUGHCHLI Solid Tire

Forklift Rim

- Rim 18*7-8
- Rim 600-9
- Rim 650-10

Forklift Attachments

- TJS Side Shifter

Fork sleeve

- 3T Fork Sleeve

Front&rear axle assembly

- Rear Axle Assembly
- Rear Axle Body

Transmission Accessories/Hydraulic accessories

Clutch Cover
High load carrying capacity, strong stability, wear-resistant

Clutch Disc
Efficient power transmission, smooth gear shifting, high durability

Transmission Charging Pump Assembly And Accessories
Stabilized fuel supply, improved fuel economy, reduced failure rate

Solenoid Valve
Precise control, fast response, high reliability

Transmission Repair Parts
High-quality materials, restoring performance and extending service life

Hydraulic Pump
High efficiency and durability

Control Valve
Precise control and stability

Orbitrol
Flexible and responsive operation

Forklift Filter/Steering System

Oil Filter/Oil Filter Holder
Highly efficient filtration and engine protection

Fuel Filter/Fuel Filter Holder
Optimizes fuel quality and extends engine life

Air Filter/Air Filter Housing
Improves air quality and protects the engine

Knuckle Repair Kit
Restores performance and extends service life

Engine Accessories

Injection Pump
High performance and durability

Starter
High performance, low fuel consumption, environmental protection and energy saving

Alternator
Stable output, high efficiency, long life

Cooling System
Highly efficient heat dissipation, engine protection, long service life

Exhaust System
Optimize emission, environmental protection and energy saving, improve power performance

Knuckle Pin
Stabilizes steering and improves handling

Steering Cylinder Link
Structural stability and durability

Knuckle
Precision steering for durability

Ball Joint
Smooth transmission for durability

Forklift Body System/Forklift Frame System

Housings
Protects internal parts, aesthetically pleasing

Cables
Precise control and durability

Steering Wheel

Steering Column Assembly

Steering System
Flexible operation, strong stability

Brake Shoes
Efficient braking and durability

Main rollers
Stable operation and durability

Plane Bearing/Pressure Bearing
Stable support and durability

Separate Bearing/Separate Bearing Housing
Efficient drive, high durability

Forklift Frame Assembly
Structurally sound, high load-bearing capacity

Fork Assembly
Strong load-bearing capacity and durability

Forklift shelving
Safe and reliable, easy to operate

Forklift Radiator/Forklift seat/Forklift Tire

HELI Original Radiator
Efficient heat dissipation, quality assurance

HangCha Original Radiator
Highly efficient heat dissipation, engine protection

Other Radiators
Wide compatibility, multiple specifications available

Brake System/Forklift Bearing

Brake Master Cylinder
Efficient braking, high stability

Brake Cylinder
Efficient braking, quick response

Brake Drum
Efficient braking and durability

Brake Assembly
Efficient braking, high stability

Blister Seat
Comfortable seating and durability

Seat Accessories
Enhanced comfort and ease of operation

ZhengXin Solid Tire
Durable and stable

TOUGHCHLI Solid Tire
Wear and tear resistant, good stability

Forklift Rim/ Attachments/Fork sleeve/Front&rear axle assembly

Rim 18*7-8

High-strength materials for durability

Rim 600-9

Precisely balanced, wide range of compatibility

Rim 650-10

Wide range of compatibility, multiple sizes available

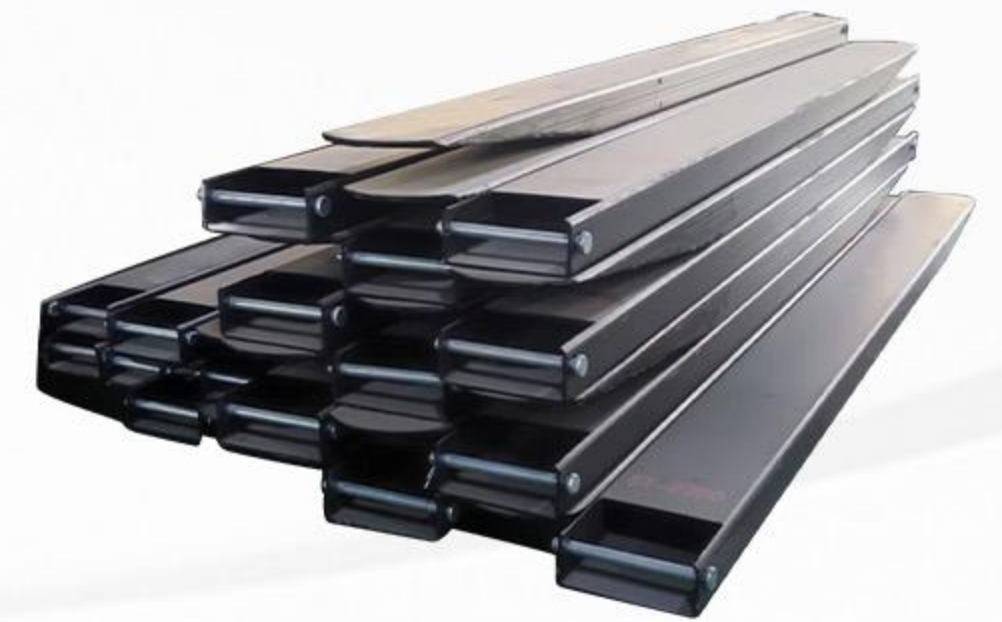

TJS Side Shifter

Flexible operation, high stability

PD Fork

High load capacity and durability

3T Fork Sleeve

Protects forks and improves safety

Rear Axle Assembly

Solid construction and durability

Rear axle body

Reliable quality and durability
